Re: Pyrotec Ltd

On behalf of East Sussex Fire & Rescue Service I can confirm that Pyrotec Ltd are a valued contractor and supplier to the service.

For the last 5 years they have carried out planned maintenance, repairs and renewals to fire fighting equipment (extinguishers, dry risers etc.) on our premises to an excellent standard and at a reasonable cost. We have recently renewed this contract for a further 5 years.

In addition they provide invaluable support to our training centre in the supply and refilling of fire extinguishers used in our operational and commercial training courses.

We have also used them to assist in the layout and installation of portable fire fighting equipment and signage to new and refurbished premises.

Please contact the writer direct for any clarification.

Yours sincerely
